ABOUT US

KZ KITCHEN CABINET & STONE

The Company

Founded in 2002, KZ Kitchen Cabinet & Stone, Inc. is a trusted, award-winning community retailer for clients who are looking to build, construct, and design their dream kitchen and bath. As a leading retail company, we have six showrooms, eight warehouses throughout the San Francisco Bay Area, and four manufacturing factories overseas. We specialize in cabinetry, stone countertops, wood flooring, tiles, bath products, and building materials for kitchen and bathroom remodeling. Whether you are looking to upgrade your bathroom or redesign your whole kitchen, our staff at KZ Kitchen are ready to help turn your ideas into reality.

The Services

With over 19 years of experience, we have helped many clients build their dream kitchen and bath. From project designs to installation, we will be there every step of the way.

The Team

KZ Kitchen is driven by our experienced and dedicated employees. Starting off as a small and local business, we value a collaborative and creative work environment to enrich the experiences we provide for our customers. The company’s culture centers around our passion to serve the community, whom we recognize as the source of our current and future successes. Our goal is to see continuous growth and tackle challenges head-on.

COUNTERTOPS

kzkitchen.com/countertops-all

Countertops are an important element for a functional kitchen or bathroom.

Choosing the right one can bring your design together and add beauty to your home.

QUARTZ

Quartz is an engineered stone. It is durable, antimicrobial, and maintenance-free. Quartz's non-porous surface blocks liquids and stains from penetrating through the stone, and therefore, quartz countertops do not have to be sealed. As quartz is manmade, its slabs usually have a uniform pattern.

GRANITE

Hard, heat-resistant, and scratch-resistant, granite is a popular choice for kitchen countertops and islands. As a natural stone, each granite slab has unique colors and patterns. Granite's renowned durability and its variety of colors make it ideal for kitchen uses.

COMPOSITE GRANITE

Composite granite is manufactured with 95% natural stone and 5% resin. Resistant to heat and scratches, composite granite is incredibly durable and nearly indestructible. As it is non-porous, it does not require sealing for maintenance.

MARBLE

Marble is one of the most popular choices when it comes to natural stone countertops. Elegant and luxurious, marble countertops usually have larger patterns with unique veining than granite. Marble is porous, and therefore, protecting marble countertops against etching and staining is required with periodical sealing.

BIG SLABS

Looking for XL-sized slabs? As large as 73"x120", our collection of slabs presents a stunningly seamless pattern and provides unparalleled flexibility for multifarious applications.

PRE-CUT VANITY TOPS

We offer pre-cut vanity tops of various sizes and colors for rectangle sinks. The sizes include 24", 30", 36", 42", 48", 58", and 60", and there are a wide range of colors.

Flooring is a critical component of a home renovation project. Choosing the right type of flooring not only adds functionality to your home but also brings your design together.

FLOORING

kzkitchen.com/flooring-all

Flooring brings the whole room together. From engineered wood to luxury vinyl, from soft gray to rich walnut, a vast variety of flooring types and wood species are available to accommodate your decoration needs.

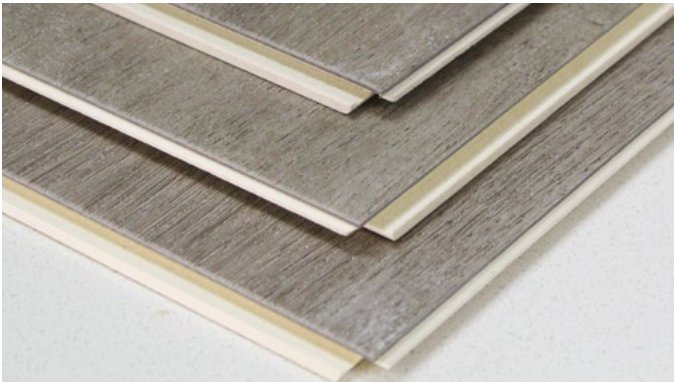

ENGINEERED WOOD

A layered product consisting of a hardwood slice on a high-quality plywood base, engineered wood is a usable solid wood alternative. It is made to meet the demands for a construction material that is lower-cost but equally durable.

LAMINATE

Also called floating wood tile, laminate flooring is a multi-layer synthetic flooring. The inner layer is made of melamine resin and fiberboard materials. Laminate flooring is comparably less expensive than hardwood flooring, aesthetically beautiful and natural, and requires less effort to install.

LUXURY VINYL

Luxury vinyl is waterproof, wood-look flooring that provides an attractive and durable option for high traffic areas. It is resistant to water and prevents moisture buildup, allowing for easy maintenance and worry-free cleaning.

FLOOR MOLDINGS

The proper molding can make a big difference by adding a little something extra to your flooring project.

KITCHEN SINKS

NANOTECHNOLOGY KITCHEN SINKS

The 304 stainless steel has exceptional strength and toughness with low weight. It is highly durable and vibrant in color that is finished by nano-titanium plating fully coating the surface. Nano sinks seamlessly coordinate with a variety of kitchen decor styles.

NANOTECHNOLOGY

Nanotechnology creates a protective coating that gives your sink more water resistance, bacteria resistance, dense structure, and easy maintenance. With Nanotechnology, sink surfaces last for almost a lifetime.

ANTI-RUST TECHNOLOGY

Rust-resistant with a lavish finish, it is easy to clean and assures long-lasting durability, performance, and lustrous beauty.

OIL-FREE TECHNOLOGY

Oil-proof technology is repellent to water and oil, allowing easy cleaning and maintenance with just a sink cloth. It prevents germs from lingering and creates a healthier lifestyle.

STAINLESS STEEL KITCHEN SINKS

Featuring a contemporary design and wear-resistant finish, this distinctive, elegant sink brings a contemporary vibe to your kitchen and provides long-lasting quality. With an engineered sound-dampening system, the sink also significantly reduces dishwashing noises and provides a better cleaning experience.

PREMIUM SUS304 STAINLESS STEEL

Premium SUS304 stainless steel is resistant to scratches and corrosion.

STONEGUARD UNDERCOATING

Protective StoneGuard coating reduces condensation and further dampens sound.

ADVANCED SOUNDPROOFING SYSTEM

Extra-thick rubber pads cover all sides of the sink and absorb noises and vibration. 3 mm thick cushion pads are made of high-quality noise-dampening materials, making the sink more long-lasting for heavy-duty uses.

CERAMIC KITCHEN SINKS

This Ceramic kitchen sink features a streamlined in-front apron with a simple, stylish design, and a baked-on glaze for a glossy finish. Crafted from high-quality Ceramic, this sink is stable and extraordinarily durable.

NONYELLOWING

Ultra-smooth porcelain surface made with nonyellowing materials.

ANTI-SCRATCH

High-quality Ceramic and high-temperature forging create extreme durability.

NONPOROUS SURFACE

Advanced technology makes the product hygienic and effectively reduces odors in the room.

KITCHEN ACCESSORIES

Upgrade your dishwashing experience with our kitchen accessories. Sink grids protect dishes and cookware from scratching the sinks, while garbage disposals eliminate food waste effectively and help maintain a hygienic kitchen. All sink grids and garbage disposals are compatible with our sinks.

KITCHEN SINK GRIDS

A versatile sink accessory, stainless steel sink grids protect dishes and cookware from scratching the sinks as well as provide space to drain plates and utensils.

GARBAGE DISPOSALS

Start your kitchen upgrade with a brand new garbage disposal. Our disposals come in a variety of horsepower, creating the perfect fit for any household.
